SPRINGFIELD, Mo. – The Cerces, one of the Midwest's most popular family groups, will be recording their first live CD/DVD on June 24, 2007 in the greater St Louis area. The concert, which will run approximately an hour and 15 minutes and include about 20 songs, will be professionally captured and released in both DVD and CD formats later this summer.

Both the DVD and CD versions of the concert will be called The Cerces - Live in St Louis.

A professional video production company will be coming from Fayetteville, Arkansas to St Louis to do the three-camera shoot. All of the audio from the concert, which will also include some live instrumentation, will be recorded on 24 tracks, and the final stereo mix will comprise the audio portion of the resulting DVD when the post-production editing is completed.

The concert will be held this Sunday evening, June 24, 2007, beginning at 6:00 p.m. at Bethel Fellowship in the Florissant section of St Louis.

"Pastor Jack Hembree and the congregation of Bethel have always given our group a very warm welcome," mentioned Cliff Cerce of the Cerces. "We are very excited about this upcoming concert and are anticipating many great things from the event."

There is no admission charge and the public is invited to attend this event.

Address information with maps and directions can be found at <http://www.thecerces.com/bethel.htm> .
